
The Dentists of Newtown

219 N. Sycamore Street Newtown, PA 18940

PAYMENT POLICIES

Patients with Insurance Coverage:

We will be pleased to help you obtain the appropriate benefit from your insurance carrier and bill your insurance company as a courtesy to you. However, you are ultimately responsible for payment of your account.

We will be happy to request a pre-estimate of benefits from your insurance carrier if you request us to do so. Routine treatment is generally performed without submitting a pre-estimate; however, we do require a pre-estimate of all *major* treatment in order for our office to accept assignment of benefits for these services. Without a pre-estimate for major treatment, you will be responsible for the full payment and your insurance will reimburse you directly.

Portions of your bill may not be paid by the insurance company and are to be paid by you. Often there is a co-payment and deductible required per your insurance company. We will help estimate your co-payment at each visit and ask that you keep your balance up-to-date at each visit and as insurance payments are received. Please be aware that we cannot guarantee your carrier's payment. Even if you have dual coverage, there may still be a co-payment that will be your responsibility.

If you are having treatment which extends over several visits, you may make payment of your co-payment over the course of treatment. Please discuss these arrangements with our receptionist *before* starting treatment.

Patients Without Insurance Coverage:

Patients without insurance coverage are requested to pay when treatment is rendered. If you are having treatment which extends over several visits, you may make payments over the course of treatment. Please discuss these arrangements with our receptionist *before* starting treatment. For your convenience, we accept personal checks, Visa and Mastercard.
